

Hitch a ride with Santa

I'm alone here on the night before
Sadly following the winter storm
Wind is picking up so I can't see
How I'm gonna get you here with me

Verse 1

Snow is falling
Flights are cancelled
Traffic's heavy
It's a hassle
I don't know this year
How to get you here

I just know
I've got to see ya
So I got this
Bright idea
Wait, just hear me out
Crazy as it sounds

Chorus

Hitch a ride with Santa
Get here just as fast as you can
Yeah that would grant all of my wishes

Hitch a ride with Santa
And call me just as soon as you land
I know he'll have you here by Christmas day
Okay, alright, oh my

Verse 2

Go outside
And look for reindeer
In the sky
You know they'll be there
Flying through the clouds
Go and flag them down

Tell 'em that
You miss your baby
Run run Rudolph
Run like crazy
Get right in that sleigh
And on your merry way

Chorus

Hitch a ride with Santa
Get here just as fast as you can
Yeah that would grant all of my wishes

Hitch a ride with Santa
And call me just as soon as you land
I know he'll have you here by Christmas day
Okay, alright, oh my

Bridge

Make some room in all those toys
Cuz you're my gift and you're my joy
All I want and all I need
Special delivery

Chorus

Hitch a ride with Santa
Get here just as fast as you can
Yeah that would grant all of my wishes

Hitch a ride with Santa
And call me just as soon as you land
I know he'll have you here by Christmas Day
Okay, alright, you'll be here by Christmas Day
Okay, alright, you'll be here by Christmas Day
