Listening to your new album "Life Is A Thief" I was surprised! It's a very groovy album. Was that your plan from the outset or did it come about during the creation and production?

1. (1:01)

It was my plan to work with a ... as much as it is me

So it's been the perfect teamwork!

2. (0:57)

Absolutely! Not only it was ... of events that came together

"Life Is A Thief" is the first studio album since "Easy To Love" in 2017. Were you satisfied with the reactions to it from your fans and the media?

3. (0:32)

Oh, I think "Easy To Love" is ... special album to me, absolutely

This was followed by two more productions from the "SOS" charity-series. They seem to play an important role in your life and career, right?!

4. (1:00)

Yeah, they provide me with a ... of what I'm doing

Just to give something back to the fans and help as well. On the other side you're a real family-person.

5. (0:21)

I am, I am! I'm currently ... back over to Europe for sure

Back to "Life Is A Thief": Less Country and Blues, more R&B and Soul ...

6. (0:10)

Aah, it's got a very urban, very dark ... to listen to this music

That seem to be the most important aspect of "Time Is A Thief" for you, right?!

7. (0:17)

Absolutely! You know, it's not always ... single one of these songs

There is a lot in the songs, experience, hope, motivation. And there are thoughtful and self-critical moments as well! Now let's do a "track by track"

- Track By Track -

"Fire" is the perfect opener. It sets the tone for the whole album ...

8. (0:17)

Yeah, "Fire" is actually, it sort of bridges the gap ... starts with "Fire"

"Mood" is quite a groovy track talking about a certain kind of mood and strange behavior ("I don't need an attitude") ...

9. (0:28)

Yes! So I actually had to talk ... view on YouTube as well

"Cold Blooded" is also very groovy. What's the story behind?

10. (0:21)

"Cold Blooded" is really response to the ... respect that you deserve

"You Deserve More Than I" is another relaxed and interesting song.

11. (0:23)

I wrote that song several years ago as a writers retreat ... in my real house

"Hard Times" has this irresistible hook that underpins the content of the song ... hard times in the city ... including a very intense guitar solo

12. (0:32)

"Hard Times" was really when I knew ... write an anthem for them

"Give You My World" sounds much smoother ...

13. (0:40)

Yeah! It's definitely a change in tune ... absolutely love the song

"Time Is A Thief" the title-track is talkin about how life is always about time and it's loss. There's a very nice latin-trumpet in there!

14. (0:33)

Yes! His name is Lorinzo Molina ... hearing that trumpet-solo

"Carry My Name" is no party-track ...

15. (0:46)

No, it is not a party-track ...the first time I heard it

"The Way You Shine" got a bit this psychedelic feeling of the classic "Papa Was A Rolling Stone" by The Temptations

16. (0:28)

I love that reference ... send to my wife specifically

With "Stay" you're ending on a high note, a great track ... and a potential single-cut as well ...

17. (0:10)

Yeah, we got no thrills on this album ... I couldn't be more proud of

So I think there isn't any particular favourite on "Life Is A Thief" for you, but ten songs in a row?!

18. (0:20)

They really are! Especially ... is definitely a very good feeling

Do you follow the current music scene?

19. (0:19)

Not very closely, to be quite honest with you ... to the sixties and seventies

You will be coming to Germany soon, at the beginning of October. What can your fans expect live?

20. (0:38)

We're gonna play this album. My band ... hits in the live-show

What are your plans for the future?

21. (0:14)

The plan right now is to go into the studio ... out before of next year

Radio-ID
